SPORTS

BY JAMES W. W. BREWSTER.

SECOND MARATHON RACE WILL BE RUN TONIGHT

Tonight, at 8:30 sharp, fifteen of the fastest men on roller skates in the city will start in the second Marathon skating race for the McCandless cup, Hustace medal, Princess cup and other prizes, the race being over the full distance of 26 miles and 385 yards.

Every detail to assure the race being a success has been arranged by the management of the rink, the same officials who acted in the last race with a few exceptions will officiate tonight.

The doors of the rink will be opened to the public at seven o'clock, skating being allowed until 8:15 when the floor will be cleared and made ready for the race. On Saturday afternoon the track was surveyed so that if a new record is made the Racing Association will allow it.

Admission to any part of the rink will be twenty-five cents, there being no reserved seats for this race. Promptly at 8:30 Mayor Fern will fire the starting gun, the time limit being set at two hours and a half so that every one will be able to see the entire race.

The center of the track has been reserved exclusively for the use of the officials and press, the rule relative to keeping the aisles clear will be under the charge of Police Captain Charles Baker.

On account of the rule relative to one admission, people wishing to use the rink are requested to enter by the Hotel street entrance, the main entrance being used for the mauka seats. All the officials are requested to be present at 8 o'clock sharp so that the management will be able to pass them in before the race starts.

As the McCandless cup and Hustace medal have to be won three times by the same person, a close and exciting race is promised for tonight. One or two of the entrants feel confident that they will be able to defeat Joe Forrest, the winner of the last race.

Forrest has received sanction from the Western Skating Association to try for a world's record, and judging from the time he made in the last race, he ought to be able to lower the present record.

In addition to the two first prizes the Princess Rink management have put up a handsome cup which will be given to the winner tonight. The second prize will be a gold-plated Gillette safety razor presented by Mr. Akai, manager of the Yokohama Specie Bank, the third, three months subscription to the Hawaiian Star, the fourth an order for merchandise from Peacock & Co., and the fifth an order from F. L. Waldron & Co. for merchandise.

The first race was a complete success from every point of view, and it is hoped that the largest crowd ever present at the rink will be on hand tonight to cheer the racers on to victory.

RUNNERS ARE READY.

Everything is ready at the league grounds for the fifteen mile race which will be started at 3:30 this afternoon, and judging from the form shown by the entrants in training, the spectators will probably witness the most exciting race ever run in Honolulu.

Nigel Jackson who has worked hard and faithfully to assure the race being a success, deserves a record crowd who are likely to see the world's record broken.

The famous oxygen machine with 200 gallons of the precious reviving gas has been taken to the grounds and will be available to the runners. Anton Kano better known as the "Waluahua horse" states that he will not use the machine, and his many friends are anxious to see how he will do against the rest who have decided to use it.

Before the main event of the afternoon a one mile walking race will be held the best heel and toe men in the city having entered. Although a number of good men will race, the majority of the sporting public feel confident that either Ayres or Sullivan will be declared the winner. Both men have done hard work for the race, and even if the time is not lowered the spectators will be treated to a close and exciting contest.

Judging from the form shown by the runners, The Star observer predicts the following men to finish in the order named: Kano, Hayes, Jackson, Ayres, Charlie, Gomes, Fahy and Gorman.

The 15 mile race will be started at 3:30 sharp and if anything like record

time is made the race should be over before five o'clock.

GOOD RACE PROMISED

If the present plans do not miscarry the sport loving public will be able to witness a twenty-four hour "go as you please" race at the Princess rink on June 10-11. H. M. Ayres, who has done a great deal to promote athletic events in the past, has charge of the arrangements for the race which will be started on the night of June 10 immediately after the finish of the third and last marathon skating race scheduled for this year.

A number of the best walkers and runners in the city have agreed to enter the race, providing proper arrangements can be made with the management of the rink. Go as you please races have been held for years back in every city of any size in the world, and there is no reason why the first event of its kind planned for Honolulu should not be a success.

Such men as Kano, Jackson, Hayes, Sullivan, Gomes, Gorman, Ornellas, Charlie and a number of other distance men, have stated their willingness to enter the endurance race which is being talked of and in a few days complete details will be announced.

Racing has become a very popular sport in Honolulu, and judging from the interest already being taken a good crowd should be on hand to watch the racers. As the next Marathon skating race will be started at the same time as tonight's race, the hour for starting the long grind will probably be set at eleven o'clock. Prizes worth winning will be hung up for the first five men to finish, and before the entries are closed at least fifteen men are expected to put their names down.

GOOD TENNIS EXPECTED.

As a result of the semi-final tennis matches on Saturday afternoon at the Beretania courts for the Island championship, today's match between the Cooke brothers and Steere and Nowell promises to be close and interesting from the start, the match probably going the full five sets before the winners are announced.

The match on Saturday between Richards-Clarke and Steere-Nowell went the limit before the latter team won, some of the best tennis seen this year being played in every game. The first set was won by the victors, the second by the losers, the third by the victors, the fourth by the losers and the fifth by Steere and Nowell, the scores being 3-7, 4-6, 6-3, 3-5, 6-3.

Steere played a steady consistent game throughout the match, his partner backing him up at all times when team work was needed. Richards in the first set played a brilliant game but the remainder of the match his partner did most of the point gaining, although Richards took a brace in the last set when it was too late to overcome the lead.

In the Castle-Low, Cooke-Cooke match the spectators were furnished tennis well worth watching, nearly every game going to deuce and advantage before it was won. Castle played an excellent game throughout, his partner not seeming to play his usual brilliant game, his service and returns being far below his average.

Both the Cookes played a very precise game, their volleying being the cause for much merited applause. Of the two Clarence Cooke played the steadiest game, although Richard Cooke was always ready to help out, the team work being better than any shown in the tournament.

To predict the winners in the final match at 3:30 this afternoon is almost impossible, although the past form shown by the Cookes ought to be sufficient to land them the coveted championship.

Tomorrow afternoon the preliminary matches in the ladies singles will be started, the finals probably being reached by Saturday.

Although there are a number of good players among the fair sex, Mrs. Coulter will probably have little trouble in annexing championship honors, with Miss Burnham runner up.

PUNS DEFEAT KAMS.

The last scheduled game in the 1910 Intercollegiate baseball league was played Saturday afternoon at Kamehameha field between the Punahou and Kamehameha teams, the champions easily winning by a 10-4 score.

Seventeen games have been played this season in the league. Punahou

winning seven out of the nine they played. Punahou has been beaten by the Kams, and the Highs, the St. Louis not being able to do the trick, although in their last game the score was 4-3.

The scheduled game between the Highs and the Saints was called off by the Highs, the Saints finishing second in the league.

FACULTY ARE BEATEN.

In a fast and exciting game of baseball the picked team from Punahou College easily defeated the faculty on Saturday afternoon at Alexander field by the one sided score of 15-7.

Hitchcock pitched for the victors, while Clark of tennis fame twirled for the losers. The most sensational playing in the game was the fielding of Smutzler who played left garden for the faculty.

MARINES VS MARINES

A new baseball league has been started, the teams being composed of the different companies at Camp Very. Weekly games will be played at the league grounds for a trophy offered by one of the officers. The first game in the series between Co. D and Co. B, was played on Saturday, Co. D winning by a 16-7 score.

PUNS WIN FROM HIGHS.

The Punahou second team in the Intercollegiate baseball league defeated the second High School team on Saturday, the score being 14-3. As a result of the game three teams are tied for first place with a percentage of .500.

GUARDS AND MARINES WIN.

Saturday's honors in the Military baseball league went to Barry's guards and the crack team representing the U. S. M. C. The guards easily defeated the Hospital Corps 11-8, while the Fort Ruger team were taken into camp by their service rivals to the tune of 7-5.

TOURNAMENT JUNE 11.

Entries for the Progressive tennis tournament which will be held on Kamehameha Day, will be opened Wednesday at E. O. Hall & Son's, the book being kept open until June 8, when the drawings will be made and the courts for play announced. At least thirty entries are expected which will mean fifteen teams who will compete for two prizes which will be selected by the committee who have the play in hand.

Nine courts will be available for playing, two each at the Manoa, Pacific and Neighborhood clubs and three at the Beretania which will be the No. 1 court. Most of the players who have competed in the double tournament which ends this afternoon have stated their intentions to play and a few more are likely to decide to play before the entries are closed. Messrs. Castle, Steere, R. Cooke, Nowell, Giffard and Thompson are the players who will have charge of the drawings and selection of prizes. Play will commence at 9 o'clock in the morning, the finals being played at four o'clock in the afternoon. The best two out of three sets will be played until the finals which will be the best three out of five.

J A C'S AND P A C'S WIN.

Two exciting games of baseball were played yesterday afternoon at Athletic park the Japanese and Portuguese teams taking the games from the Marines and Chinese A. C. players.

The first game resulted in a 10-3

score in favor of the J. A. C's the Marines being unable to connect with Keoloha's curves.

The game between the C. A. C's and P. A. C's ended in a 4-3 score, the winners playing the best ball they have played this year.

MU HOCKS AND C A C'S WIN.

The games in the Junior Oahu baseball league played yesterday morning at Athletic park resulted as follows: Mu Hocks 9, Palama 12; C. A. C. 2, Asahi 6.

CAVALRY AND RUGERS

The crack ball team from Lihueha journeyed into town yesterday afternoon and took the Fort Shafter team into camp by a 6-2 score, adding another victory to their already long string.

The second game played yesterday between Fort Ruger and the Hospital Corps ended in a victory for the men from Diamond Head, the score being 11-9.

The present standing in the Military League is as follows:

SATRAP OF ROCHESTER.

"The secret of the growth of Aldridge's power, and the secret of his present hold upon the organization, are the same—patronage," writes Lawrence Perry, in the issue of Harper's Weekly for May 7. "His idea was that the party holding the preponderance of offices was the party with the power at its elbow. Even today, in the face of an overwhelming personal defeat, there is nothing to indicate that his power as a machine leader has been impaired. Everyone, or almost everyone, still has the in-born conviction that a man cannot be appointed to public office in the country without Aldridge's say-so; it is still the prevailing belief that a man will need the Aldridge counter-sign before he can run for local office. That philanthropists, clergymen, bankers, lawyers, business men, are under obligations to the satrap is as much a matter of remark now as before the election."
